

I believe the Super Bowl Half time show was offensive and the inappropriate clothing should be examined. The standards of acceptable clothing should be raised on all public broadcasting. I want to be able to watch television with my children but because of the lack of modest clothing I have discontinued watching television. Your organization should do a better job of implimenting decency in our television viewing. The minds of the children of our nation matter more than money. Enforce the laws and push for cleaner television. Please.

Sincerely,

Kevin McIlhany
